Yearbook Dedication:

This year, the class of 2006 would like to honor Mrs. Redding and Mrs. Calnen with the dedication of this year's yearbook. Not only are they the Senior Class Advisers but they're also dedicated teachers in the school system. They work hard whether teaching us in class or helping us succeed in school sponsored events. They have sacrificed their own time to organize fund-raisers and meetings, get supplies, build floats, and do countless other tasks for our class. From orientation on the first day of freshman year to planning our Junior Prom to graduation this year, they have always been dependable and have never let us down.

Mrs. Redding has made a tremendous impact on our school as both a business teacher and mentor. While she has followed us throughout our high school career, we have also witnessed important events in her life as well from her marriage to Coach Redding to the birth of their first child, Emma Grace in our Senior year. She rarely misses student events such as dances and parades and is the first to cheer us on at football and basketball games.

"They're always there and on top of things and make it enjoyable for all of us. Their high spirits and enthusiasm were always fun to be around" -Kelly Regan

Mrs. Redding and Mrs. Calnen

Since she started teaching at MHS in 2000, Mrs. Calnen constantly offers a helping hand when students come to her with problems. She can get students motivated and involved in what they believe in. When she's not teaching us the importance of health, she is planning creative ways to approach the next school event. As a major contributor of the Senior class fund-raisers, such as helping design the lanyards, organizing carwashes and planning for the prom, senior banquet and the all-night party.

Together, they have helped the Seniors unite and work together not only as a class, but as a team to get things done. They have helped us learn about organization, deadlines, and sticking to obligations. For the past four years, they have provided us with laughs, friendship, motivation, and leadership. As our teachers, advisers, and mentors, we would like to thank both Mrs. Redding and Mrs. Calnen for their dedication and influence over the past four years.

"Not only are they helpful with class activities, they help us with life situations. They really care about us and everyone loves them." -Mary Elizabeth Macdonald

2006 Yearbook Staff

As our senior year ends, we savor the memories made and regret not making more. Hopefully, for most of us, the time could not be spent in a better way. To our surprise, yearbook turned out to be much more work than we expected. The goal of our first Tuesday meeting in June was to simply choose a theme for the yearbook. To say the least, out first meeting consisted of three hours of debating and reasoning. Finally, we decided on a theme: How do you measure a year?

What filled our past year was much more than the just the classes and tests. It was the times in-between that showed the true meaning of being a hornet. These pages measure the infinite different ways a MHS student can measure a year. For the class of 2006 this is a final measurement on not only how you spent your senior year, but also the hundreds of memories that we made throughout our years at MHS.

Every Tuesday night we gathered as a staff in room 188 with our adviser and coach Miss Murphy. She put in countless hours of work and no matter how much we frustrated her she never gave up on us. Miss Murphy always made sure we did our best and along the way and taught us many lessons. Without her we would have never known the true meaning of working as a team. Thanks to all the staff, students and parents who sent in pictures to make the yearbook happen cooperating well along the way. The most important thanks goes to our biggest supporters, our parents, with their generous donations they helped with the lofty cost of the entire yearbook budget which rounds out to $28,000 making each yearbook at $60 a pop.

Without the editors the yearbook would not be a yearbook. They put in hours of work, picking out pictures, writing headlines, captions and stories. Without our business editors, Alyssa Edwards and Cody Holt, we would not have any money to make the yearbook possible. They huddled around a computer going through parent ads and hitting up local businesses, and with their determination and focus they tackled their

jobs like no other. Jess Allen and Mary Macdonald were appointed the daunting task of the ever important senior section. They went through zillions of candid pictures from over the many years spent in and outside Mansfield. Jess and Mary are the definition of intensity making a fantastic senior section. The student life section, one of the most exciting sections in the entire yearbook, was made possible with the help of Lindsay Maclean and Erin Higgins. They put their heads together and with their creativity came up with a unique student life section showing how to truly measure a year. Melissa Murphy, working solo as the sports editor, rose to the challenge of undertaking the task of creating the greatest stories of the excellent sports teams in Mansfield High. The squad of Erin Gilmore and Meaghan Tighe were the clubs and people editors. With the guidance of Miss Murphy, Erin and Meaghan's perseverance proved successful in the end. They revamped the club section and took on the people section, making it their own and representing the underclassmen and the many clubs in our school favorably. Without the work of Karin Christianson and Hillary Steinhoff as the layout editors and Adrienne Steinhoff as the copy editor the little things would have never happened. Hillary and Karin went through hundreds of layouts, picking and choosing the different styles that made the pages. With their desire for uniqueness, they truly made the yearbook our own. Adrienne used her sheer knack for writing and edited every story and article that went into the yearbook She worked effortlessly every Tuesday night and helped the other editors who needed assistance with their work.

As you grow older, we hope that you look back on these pages and smile at all the memories from your years at MHS. The yearbook staff has put in hours upon hours of work to make this yearbook what it is. We hope, as members of the class of 2006, you never forget the time you spent here in Mansfield. The yearbook staff, is truly proud to present this yearbook to you and show you how to measure a year.

the days...

To count the number of memories in a single year is impossible, but to be changed by them is inevitable. A new year, new rules, new friends, and new ambitions. Together, we will never forget the homecomings, the proms, the Red Sox and Patriots parades, and the countless football games. Individually, we all have our own memories to cherish. The first time we met our best friends, our first kisses, the long talks and the longer laughs. However you look at this past year, it's unavoidable that our lives have been changed forever.

Our year doesn't only consist of the six hours a day we spend at Mansfield High for 180 days. There are the memories from vacations, the summers, and weekend nights. While each of our experiences differ, some things remain true for everyone. We all have eight classes a year, 85 minutes per class, five minutes between blocks, four different lunches, one winter semi, 37 clubs as well as 48 teams to get involved in.

Mansfield, the home of the Hornets, is a safe, comfortable and tranquil place that many of us never want to leave. Whether some have lived here their whole lives or just a few years, we can all decide on one thing; that we call it home. Without Mansfield, we would have no Friday nights, juicy gossip or a place to play our favorite sport or participate in our favorite club. Together, we have painted this town green and white. Mansfield High School has become our home for the past four years- the best four years of our lives....

....When you look back on everything, how do you measure a year? Is it the number of championships or the broken hearts? Would you say that it was the number of Mansfield Deli sandwiches you bought or the numerous takeouts from Quan's? Maybe you would measure the year in a totally different way. By how many times you have loved or how many times you have lost. It could be measured by the rumors and the hook-ups or the laughter and the tears. For the players, you may measure it by wins or losses, points scored, or the everlasting bonds that were made among teammates. Is the year measured by the number of "The Flipside" or "Stylus" issues or how many episodes of "The Scoop"? Is it in the field-trips to museums and theaters?

Whether you're learning the ropes as a freshman or leading the way as a senior, everyone at MHS can measure the friendships we make with the friends we will never forget. At the end of the day, we will walk away from MHS with those who love us most, the unbreakable friendships and the lifelong memories.Don't forget that we'll always be Hornets at heart and together, are 'Simply the Best'.

Too soon we'll see that high school has ended, our friends have moved away, and we begin to understand ourselves as individuals more than ever before. It is that understanding and independence that will lead us in the right direction, wherever it may be that we choose to go from here.

Here's to the Night...

Jr/Sr Prom

It's time to throw away the uniforms, sneakers, and ponytails and put on the sparkling gowns, black and white tuxedos, high heeled shoes, and dangling jewelry. As the endless array of limos rolled up to Christina's in Foxboro, it was time to dance the night away. The archway was a crowd pleaser, covered in silver gossimer and white beaming lights.The hall was embezzled with stars of all shapes and sizes glowing from the ceiling to the floor. After taking an endless number of pictures, students began to feast from the buffett. Even before the plates were cleared students were dancing to their favorite songs including Billy Joel's "We Didn't Start the Fire", and Eve 6's "Here's to the Night." The dancing was put to a halt as the names of the king and queen were announced over the loud speaker. Ashley Drake and Chad Furey shared a dance and the night came to an end. Students departed with complimentary picture frames in hand so that the memory of the night's events would last forever.

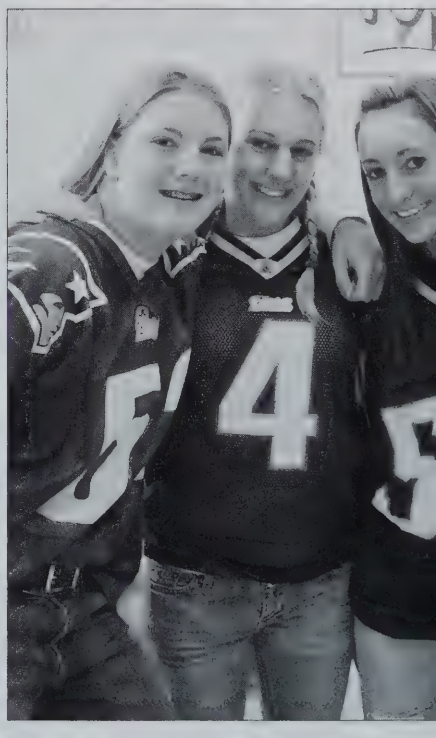
Spirit Week

Students really displayed their spirit this year, showing more pride each day. The week started off a little slow with 80's day, but those who dressed up really out did themselves with anything from material girls, to "Saved by the Bell" syles with off the shoulder sweatshirts and spandex pants. On Tuesday twins roamed the hallways with matching clothes, hairstyles, sunglasses, hats and even wigs. This was followed by the most involved day by far, as Boston Sports Fanatics took over the school. The obvious favorite was the defending champs, the Pats. Thursday brought color day. The seniors showed the most spirit with their grey sweatpants and sweatshirts while the juniors took second wearing anything blue. To end the week the school was a sea of green and white in preparation for the upcoming Homecoming weekend's festivities. Spirit week this year was quite a success and many students put their full effort on the line to show pride for there own Mansfield High School.



Caught in the spirit of green and white day, all eight girls (above) display their senior pride. Sporting their authentic Patriots jerseys (right), the Boston Sports Fanatics cheer for the home team.

Hornets vs. Rocketeers

Homecoming

Bold cheers erupt as the homecoming floats roll through the center of town. Students wave to the crowds as they show off their jerseys and Hornet paraphernalia. As the parade slowly comes to an end at Memorial Park, students nervously await half time to see if their hard work paid off and their floats are named "First Place Winners". The seniors came out victorious, winning for their third consecutive year with the creative theme of "The Pain Train".

Hundreds of dedicated fans huddled in the wet, bitter cold by the endzone to watch the remainder of the football game. Unfortunately, the Mansfield Hornets lost to North Attleboro 26-0 in a hard fought battle, ending their 31 game win streak. Still the Hornets are regarded as one of the elite teams in the state as back to back Superbowl Champs. Congratulations!

Determined to get first place in the annual float competition, the Seniors (above) prepare to leave for the parade. Just before the long anticipated game between the Hornets and the Rocketeers, the Junior girls (right) warm up in the trainer's room, before Helen kicks them out.

Trends...

iPod Nano

This past year marked the end of the original iPod and its successor, the iPod mini; a new generation soon graced the pockets of teenagers everywhere. The latest model, the iPod nano, holds up to 1,000 songs while weighing less than a postage stamp. Alth-ough they lack color variety, they more than make up in their featherlight design.

Leggings

If you saw Dirty Dancing and secretly admired Baby's outfits, then you're in luck. Leggings from the 80's have made their way back into '06. On the shelves of Hollister or found at Abercrombie and Fitch, they are now a must-have. Leggings are usually worn underneath skirts, which proves to be useful during the frigid winters of New England.

Color Uggs

As a follow up from the innovative trend of 2005, Ugg Boots have expanded their popularity by introducing a new line of colors and styles. Whether it's sand, chestnut, blue, green, purple, or black, there is now a hue to match every imaginable outfit, from jeans and skirts to sweatpants. It is safe to say that this Australian- native boot has had a contagious effect here at MHS.

Girl Pants

Goodbye baggy jeans, hello... girl jeans? That's right, the latest trend to conquer Mansfield High is guys wearing girl jeans. What sparked this new fad? "They're comfortable." Although others beg to differ, this new fad has still won the reputation, as being the most talked about and unique.

Messy Hair

Worrying about how to get that bump out of your ponytail is now a concern of the past. Instead, girls spend time throwing their hair up as carelessly looking as possible. Whether it's a fashion statement or an act of laziness, this new hairstyle is found everywhere- in the hallways, out on the weekends, and while lounging at someone's house.

Timberlands

Girls didn't completely dominate the fashion trends this year, as boys showed their interest in Timberland boots. This trendy footwear comes in a variety of colors such as the classic brown, blue, black, and gray. Previously referred to as "work boots", they are now known as "timberlands" or simply put, "Tims".

Necklaces

The 1920's flapper style has reappeared through long swooping necklaces and pearls. They can dress up your outfit or can be worn casually. Although they can be purchased at high prices for the real thing, they can also be bought at low prices (around $8) and are easily accessible, which have played a part in boosting their popularity.

Oversized Bags

As backpacks were banished from the halls of MHS, sightings of oversized purses rapidly increased. From brand names like Vera Bradley to Coach to Kate Spade, these giant carryalls are the perfect size to fit a textbook, several notebooks and a handful of pencils and pens. These stylish bags allow students the essentials of function and style.

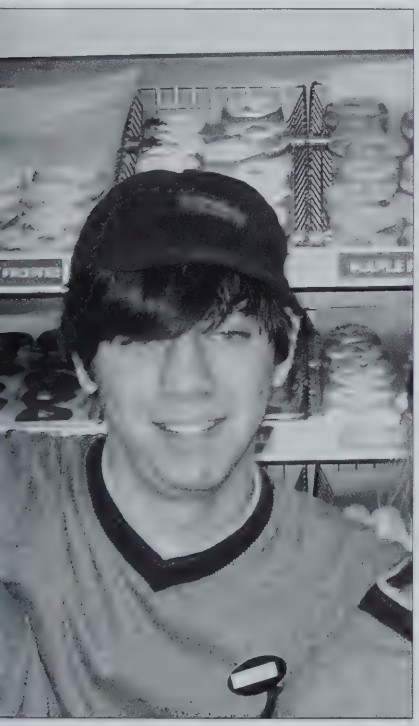
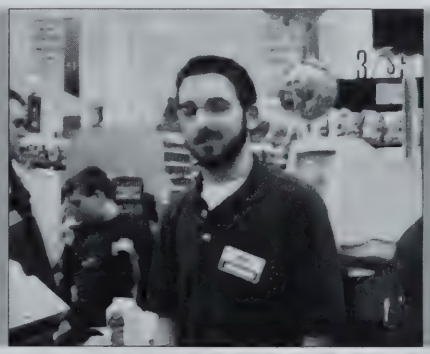
Minimum Wage
Students at Work

Free time is becoming unknown to most high school students. To go along with the hours of homework and practice or clubs after a long day at school, many now also have jobs. On average, students work about 10-15 hours a week, usually a couple nights after school and on the weekends. Teenagers in high school need to raise thousands of dollars in order to pay for cars, gas, new clothes, and college. With an increased number of working students there seems to be an increase in responsibility too, for they are forced to juggle school, sports/clubs, and work. Running the concession at Mass Premier Courts, taking care of the flowers at Stop and Shop, handling the photo shop at CVS, and dishing out munchkins at Dunkin' Donuts are among the most popular jobs for MHS students. Although working may seem to be a strain on teenage life, it is good preparation for life after homework and bells.



(Above) The most popular place to work, Mass Premier Courts gives the option of running the concession stand, directing birthday parties, or controlling the clock for AAU basketball games. (Left) "May I take your order?" Seniors Rob and Jon get to pig out at Dunkin Donuts in between customers.



Lights, Camera, Action!

MHS Plays

Actors and actresses put in hours of practice every day for months before a show, and their hard work and sweat doesn't go unnoticed. Students love to watch their friends and peers transform into another on stage during performances.

The first performance put on by MHS students was *BusStop*. In the play, Bo, a rancher played by Sean Hayes, meets a beautiful singer named Cherie, played by Brittany Robinson. Throughout the play, Bo tries to take possession of Cherie who, with the help of her restaurant friends, is able to overcome him. While the play was extremely successful, casting and planning didn't stop there, with two other productions under the lead of Mrs. Newton with the musical *Fiddler on the Roof* and *Cabaret Night*.

Students, go out and buy a ticket! You never know; there could be the next James Bond out there!

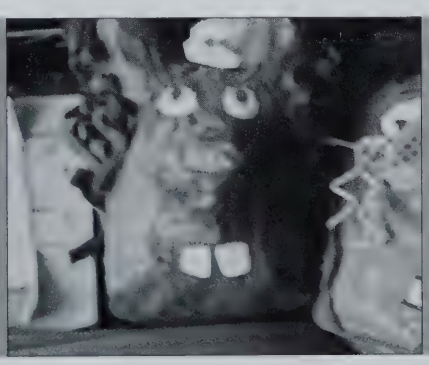
Life through Art

Artists, the most inspirational and creative students in the school, decorate the hallways and display cases with their beautiful work. After hibernating in their classrooms every day, the artists bring out their completed artwork to color the school.

AP Art is a popular class at MHS for the most talented artists. In class students use their astounding creativity to paint still life on a canvas, sketch nature in a notebook, or create their own artwork involving the abstract. If drawing and painting isn't your style, then there's always ceramics, where students design and mold their own bowls and sculptures out of clay.

At the end of the year, every senior has the opportunity to design and paint their own ceiling tile. Once completed, the tiles hang in their regular spot so that the artwork, students and their legacy are never forgotten.

(Above) Like an actual ad, Christina Instasi's "White King Detergent" was painted using watercolor and acrylics. (Left) "Earth" by Darris Walker was painted in acrylics.



Two heads are better than one

Project Teammate

When it comes to what we've learned in the last 12 years the question of "When will I use this stuff again?" often comes up. In the case of the Project Teammate course however, this question need not be asked. The answer is obvious from the moment a student enters class.

In this class, juniors and seniors have the opportunity to work with students who have special needs. Working in pairs, students and their partner help out in the cafeteria, weightlift or play games in the gym to prepare for the Special Olympics, and write in journals. Everyone who takes this class will learn valuable lessons about friendship, students with special needs, and themselves. So forget the Calculus or English - Project Teammate is the one class that everyone can learn in.

Getting Messy for CSF

Window Painting

Every year the holiday season is painted a bit brighter by MHS. Volunteer students decorate the windows of local businesses after school and on the weekends following the Thanksgiving holiday. Sponsored by the Citizens Scholarship Foundation and led by Mrs. Oberlander, window painting helps raise money to give to students for scholarships.

This year the students showed their spirit and effort by making some of the town's best windows. The paintings displayed a range of holiday visuals, including reindeers, santas, elves, and immitation stamps at the post office.

Window painting is a great volunteer program because students love to paint colorful murals for the town to enjoy. With messy clothes and paint-covered hands, more and more students volunteer each year because its simply fun, and it's a great way for MHS students to show they care during the holiday season.

Hot Hot Heat

Summer Days

Possibly the best feeling a student can get is when they leave the doors of MHS on the last day of school for the year. A whole new world of possibilities and freedom awaits them for the next two months. Students spend their summer working to save up for college or a new car at the Tweeter center, home of the all the summer concerts. Regardless if it's cleaning up trash, or selling tickets to the screaming music fans its all about the benjamins baby! Hanging out by the pool, or going to the Hornet's favorite Old Silver beach in Falmouth with there friends.. everyone seems to have a blast! However the students spend it, im sure they will remember the high school summer's forever with the warm weather, no books, and no classes.

(Above) Sweet mask Mike, goin down under? (Right) Jess, Lindsay, and Alexis show there Red Sox pride at the beach!

Glistening White

Winter Days

Not all people may love when seasons change drastically but the Hornets seem to find the good in the icy weather. Instead of the sand and the beaming sun it's twenty degree weather and snowflakes. Of course shoveling out a driveway, or clearing off your car before you can leave for school is always a hassle but students will always find a way to entertain themselves. Many snowboard, sled, ski or even have snowball fights. We're always looking for fun!

First one in years

Semi-formal

It was up for question whether the dance was going to take place this year. In the past, not enough tickets were sold to have a dance due to a lack of interest. However, the efforts of the Student Council payed off this time, and for the first time in years, the school was able to have a dance.

Students were pumped for the upcoming night. Girls arrived in dresses of all lengths and colors, while boys showed up in ties and shirts - all looking great! The dance was lead by DJ Mr.Conty. Some of the many songs played at the dance were the senior favorite "My Humps" by the Black Eyed Peas and the classic " I'll Be"by Edwin Mccain. Food and consessions were available for students, but little was eaten for most of the night was spent taking pictures and dancing. Three memorable hours of friends and grooving made the night a complete success for all.

Student Outreach Society

The Student Outreach Society was created by Students to promote issues regarding the environment, animals and people. As juniors, Brandon Stinchfield and Deanne Jordan approached the administration with the plan to create this club. A year later, S.O.S is involved in not only our community but the Nation as well. After Hurricane Katrina Struck the Gulf Coast , S.O.S collected money to send to the homeless animals that were left behind by families or placed in shelters.

Advised by Mrs. Waite, the Student Outreach Society has been involved weekly in the Mansfield Animal Shelter. Also, S.O.S members spent a few hours at the Al Nor Academy on Church St. in Mansfield learning about the Islamic faith. In the spring of 2005, S.O.S invited Thomas Jeh, a student from Sharon High School to tell our school about his struggles with genocide in Darfur, Sudan. To support his cause, S.O.S sold green bracelets that read "Not On My Watch."

Whether it is walking dogs or giving them homes, S.O.S does a lot to give back to more than just our community. With their help, MHS students have made an impact in many peoples lives.

Math Team

For those who can calculate the Pythagorean theorem in their sleep, math is their passion and they are members and competitors of the Mansfield High Math Team. Captains Dan Gibbons and Joyce Wang are leading their team of future mathematicians to many victories. But all the credit can't go to the hard working captains and officers. Mr. Mitchell and Mrs. Kalinowski have been able to coach their team successfully. This remarkable club proudly and academically represents MHS.

At a meet, the points are given out when the ten minutes are over and the answers are checked. The MHS mathletes are used to having the right answers and frequently come in 1st or 2nd place. The individuals in the Math Team take what they learn in the classroom and make it competitive.

Japanese club? That's right. Anime is the most creative club to have ever been a part of MHS. Anime club engages in Japanese films, cartooning, culture and even the language. Presently, Alison Burke runs this creative club with Ms. Mullins as the adviser. Every meeting consists of watching an hour segment of a movie or about 3 episodes of a particular Japanese television series. The twelve club members of Anime unanimously voted that Hayao Miyuzaki is their favorite Japanese creator. Anime is a growing club full of creativity, intelligence and a passion to grow.

Ski & Snowboard Club

School activities don't just take place in Mansfield, Massachusetts but also on the many mountains of New Hampshire. Loon, Waterville Valley, and Cranmore are the hotspots for the skiers and boarders of MHS. Mr. Frias, has been the adviser for three years and is always able to gathe a large crowd of students to join each year. Long bus rides, powder white snow and hot chocolate are all aspects to many ski trips taken by our school sponsored ski club.

With about 50 students, Mansfield makes it presence well known on the slopes. From free styling on the jumps to racing down the Double Black diamonds to flying over the moguls the students of the ski club represent the adventurous and daring individuals of Mansfield. Alongside sharing interests in snow capped mountains, tongue burning hot cocoa, and frost-bit noses, students grow together in friendship, athletics and school functions.

Student Council

So you figure the only reason anyone would join Student Council is to have the privilege to leave class early, but there is much more to it than that. The new adviser, Ms. Findley is working hard to expand our Student Council. The Student Council members are constantly brainstorming ideas to make MHS and our community better places, full of school spirit and hornet pride. Students gathered together in the fall, to show our school's generousity and compassion for our town's elders. Students worked hard raking leaves one day in October, students also managed to search through gym closets to collect hockey sticks, basketballs, and footballs and even an antique, memory filled tug-o-war rope, to prepare for a complicated obstacle course, humorous teacher/student relay races and a traditional tug-o-war competition. From community service to school dances to football relays on our turf, the student councils sole purpose is to unite all 1300 students of MHS.

Student council members are always on the brink of developing something new and fresh for the students, faculty and members of our community to get involved in. Their creativity is sparked by the Hornet

Angels in the Outfield

The girls softball team had a season to remember in 2005. While starting off the season 0-3, the team turned their losing streak around thanks to the leadership from senior captains Kerry Gilmore and Ashley Drake. At one point in the season, the team won an astounding eight games in a row. They finished the season an impressive 14-8, a record high enough for third place in the challenging Hockomock League. They made the tournament for the first time in years, but lost a close game to Apponoquet in the opening round.

Leading the way was junior pitcher Stephanie Bice, whose ERA of less than one was one of the best in the league. Rounding out the gold-glove infield was junior Emily Stearns as catcher, junior Katie Higgins at first base, sophomore Heather McPherson at second base, freshman Meg Birnie at shortstop, and junior Erin Higgins at third base. Securing the outfield were seniors Ashley Drake and Kerry Gilmore, and sophomore Kaitlin Kennedy.

Erin Higgins was named team MVP and Hockomock League All-Star, with a league leading .650 batting average in the leadoff spot. Emily Stearns was also named to the Hock All-Star team with a team leading 20 RBI's.

The team hopes to continue their winning record in 2006 as all but five players will be returning from the tournament team. Captains Katie and Erin Higgins, Emily Stearns, and Stephanie Bice will try to lead the team in another season to remember in 2006.

Acing the Season

The 2005 Girls Tennis team finished a great season with a deserved Hockomock Sportsmanship award. Coach Jackson coached the girls for two decades and has always guided them to success.

Captains Ashley Fallon and Maggie Hayes stepped up to help the team to victory. Fallon was a number 1 Singles player who ended with an impressive record of 8-12. She was voted MVP of her team as well as MVP of the Hockomock League. Co-captain Maggie Hayes was a number 1 Doubles Player. Her overall record was 7-5 as she partnered up with fellow Senior Jess Cohen. Hayes received the Player's Choice award for her team.

The seniors stepping up in 2006 are sure to shine on the court. Captains Jaclyn Eastman and Bethanie Nelson both share impressive records and leadership qualities for the team. Eastman finished number 2 Doubles with a record of 9-1 and a record of 2-0 at the third singles.

Following the seniors are some strong underclassmen with pure talent. Sara Yeransian was a freshman with an outstanding record of 17-3 at number 2 Singles. Her hard work and motivation will surely be proven as she is an upcoming star.

The squad may not be the biggest sports team in the high school, but it holds strong ability to create an impressive reputation as a winning team. Losing quality players will be difficult, but the girls will have no problem fighting their way to victory in 2006.

Crossing the Finish

Each year the girls Spring Track team seems to improve in not only size but in performance. The 2005 team was made up of over 100 girls who all played a part in their undefeated season and as Hockomock Champions. They also had an impressive performace at the Division 3 meet coming in third place. There were multiple individual achievements throughout the group along with the impressive records.

2005 Captains Julie Smith, Kailin Collins and Katie Brague all helped to lead the team to victory. Smith played a part in the girls 4 x 100 team that made their way to All States with a time of 51.57. It was no shock to see Collins on the front page of the newspaper after she captured the State title in the 2-mile with a time of 11:04:69. Collins made her way to North Carolina for the National Championships. Brague also did her part as she was a quality distance runner everywhere from the 800 meters to the 2-mile.

Upcoming senior captains Jessica Allen, Melissa Murphy, Hillary Crook and Brianna Sionne helped lead the track team to their great reputation in their Junior year. Murphy stepped up at the Division 3 meet to beat her own record at the 400 meters with a time of 59.6. At the same meet, Hilary Crook captured the title and continued on to be the All State champion in the shot put with a throw of 40 feet 10 inches. Another outstanding member of the field department was Kelly Regan who was second at the Class 3 meet and came in 6th at the All State to beat the school record of 125 feet 2 inches. The team's MVP who gained the most points was Courtney Lincoln. Her talents showed in every event she participated in from the 110 hurdles, 100-meter dash, the 200, triple jump, long jump to the high jump. She was honored as Hockomock All Star along with Kailin Collins, Kelly Regan, Hillary Crook and Melissa Murphy.

Despite the loss of some incredible runners due to graduation, the Mansfield Girls Track Team has an outstanding reputation with a lot of prospective talent in the upcoming years.

The 2005 Girls Lacrosse season was successful and re-inventive. Led by senior captains Jennifer Angers, Lisa Maleiko and Brittany Joseph, the team was young but promising. With one of the toughest schedules in the area, facing both #10 in the country Westwood, and #8 in the state King Phillip, the season proved a tough one for the Hornets. Freshmen Kerri Kiley and Sam Doucette both played key roles in the Hornet's success throughout the season. Representing a talented class of strong sophomores, Jill Hallgren and Michaela Ross were also integral parts in the rebuilding process of the team.

On the offensive side of the game, leading scorer and team MVP Melissa DePierro consistently kept the team together during many sticky situations and close games. Meanwhile, on the defensive side of the game, junior Hilary Turner and sophomore Kelsey Anderson were the workhorses, always there to pick up the slack and many times to save the game. The 2006 Hornets will be older and much more experienced. Senior captains Kelly Gilbertson, Rita Todd and Hilary Turner will take the leadership roles and behind them will be a hard working and talented class of seniors including Alexis Kobey, Jess Clapp, Ashley Noonan, Kaitlin Geagan, Shari O'Connell and Monica DeGiorgio.

Bringing it Home

The baseball team finished its 2005 campaign with an overall record of 12-8 (10-6 in the Hock), which earned the team a birth in the state tournament. The season got off to a slow start, but the Hornets finished with a strong 7-3 record over their last 10 games. The team proved very tough to beat at home, finishing with a 7-2 record at "The Office."

The offensive attack was led by Mike Walch, Anthony Chiarolanza and Matt Birnie, who all hit over .330. Ben Blaisdell, Luke Smith and Brian Mallett also had a strong season at the plate.

On the mound, senior Matt McHugh was virtually unhittable and dominated the opposing hitters all season long. McHugh finished the season with a commendable 5-3 record to go along with his 2.06 earned-run-average and 45 strikeouts. Also strong on the mound was sophomore Chiarolanza, who compiled a 2.26 ERA and could develop into one of the premier pitchers in the league. Senior Jon Antonucci also helped the Hornets get out of some tough situations, pitching as a middle reliever and a starter.

The defense was backboned by senior catcher Luke Smith and the solid outfielding core of Jeremy Langton, Andrew Desimmone and Matt Birnie. In the infield, Walch, Blaisdell and Joe Hunt rarely let a groundball through.

The combined efforts of these players led to a Hornet birth in the State Tournament. The team dusted off East Bridgewater in the qualifying round, winning 6-4 thanks to a 2 RBI performance by Antonucci. However, the Hornets met their match in the next round, as they fell to Bishop Feehan in a hard fought battle. Langton added a home run in the loss, and all of the seniors played well in their final game.

The Hornets look to move even deeper in the Tournament in 2006 as Seniors Sean Herrick, Joe Hunt and Matt Birnie will lead the team.

Coach Peter Larson had high hopes for the 2005 season, with a sold group of returning seniors and a few top singles players in the Hockomock League. Captains Greg Morse and Anuj Agrawal not only led with their dedication to the team, but also with their actions on the court. As second singles player, Anuj Agrawal only lost five matches out of his team leading twenty. With his performance on and off the court, he earned team MVP honors. Co-Captain Greg Morse also made some noise in the Hock, spawning a 16-3 record. Other seniors helping push the squad to be one of the top teams in the Hock were Ryan Doyle who had a 13-6 record, Chris Davis with a 16-4 record, and third singles player Mike Cyr who had a break out season with an 11-6 record. Cyr also won the Most Improved Award, voted by teammates.

Going into the '05 season, Coach Larson was confident in placing sophomore prodigy Brett Goverman as first singles player. Not letting down his team or coach, Goverman scorched the competition all season long with an impressive 14-5 season against the top dogs in the division. Because of his unbelievable performance, Brett was awarded Hock MVP and received his team's Coaches Award. Brett will be the sole captain next year but will have help managing the team by junior Martin Zaharinov, who finished the season with an 8-5 record.

After a strenuous but successful season, the tennis team finished third in the Hockomock. Heading into the tourney, Coach Larson was confident with his chances of going deep. However, his hopes were foiled by a 2-3 loss to Hopkinton. With returning super star Brett Goverman, the Hornets should be able to duplicate their phenomenal season in the spring of 2006.

Hurdling to Hocks

The boys 2005 Spring Track team contained an incredible roster that led the entire team to an unbelievable finish. Finishing with a record of 8-0 and the title of Hockomock champs was something to be proud of, but coming in second place at the Division 3 Championship was an honor.

The team's four captains, Brett McDermott, Jim Connors, Mike Watson, and Matt Meagher, all played a substantial role in leading the team to success. Senior Brett McDermott was nominated as Hockomock All Star and also voted team MVP. The crucial points he gathered from various events ranging from the 400 meters to the javelin established Brett as a standout on the team. Connors, Watson, and Meagher all proved to be valuable assets to the team as they each earned a large amount of points as well.

The torches are being passed down to the new captains for the 2006 season. Justin Benjaminson, Jason O'Connell, Dan Cerquiera, and Keith Tillman are all leaders for the boys and each contribute substantially to the team's titles. Benjaminson is a standout in numerous events ranging from the sprints and hurdles to the jumps and throwing and finished 13th in the 2005 Decathlon. Cerquiera also stood out as a lead distance runner from Mansfield, with a time of 10:02 in the 2 mile.

There are some incredible underclassmen ready to carry on the legacies of this track team. Powell Simpson, an extremely talented sophomore, captured the Division title for the long jump with a distance of 21 feet 9 inches and was a Hockomock League All Star. Another member of the All-Star team was John Lutkevich who was second at the Hock Championships in the mile.

It is hard to try and surpass the successful season the boys had in 2005, but the 2006 team is up to the challenge.

Slash, Shoot & Score

The 2005 Boys Lacrosse Team led by Coach Jeulis and senior captain Zac Eagan put forth an outstanding effort to earn a birth in the state tournament. Finishing with a record of 11-9, the team finished strong with the help of the high scoring underclassmen Matt Kiley and Connor Hayes. As the saying goes, defense wins championships and the lacrosse team was no exception. Bolstered by senior defensemen Jordan Buck and Jessie Gordon and juniors Mike Keady and Arlie Shaw, the Hornets defense was impenetrable down the stretch.

From the get-go, Coach Jeulis had high hopes for sophomores Matt Kiley and Connor Hayes and was not let down. The duo put up huge numbers throughout the season and each was appointed to the Hock and Eastern Mass All-Star Teams, each scoring 72 and 74 points respectively. P.J. Powers was also a threat on the field, racking up 27 points.

As the tournament began, Eastern Mass All-Star and Hock MVP Zac Eagan was relied upon heavily and did not crack under pressure. Following his unbelievable performance during the season, Eagan continued his torrid pace and brought his intensity into the state tournament. Unfortunately, the Hornets could not get by their first round opponent, Hingham. With the return of many outstanding players, the lacrosse team has high standards and expects to be in the tournament again in '06.

Record Shattering

The 2005 girls varsity soccer team had an unforgettable and record-breaking season, qualifying for the state tournament for the first time since 2002. The team finished with an outstanding overall record of 9-8-2.

All twelve seniors contributed in one way or another, whether it was scoring goals on the field, or supporting their teammates during games. Senior midfielder Kelly Regan controlled the team's offense not only with her leadership skills, but also with her team leading 11 goals. Regan received the title of EMASS All-Star and team MVP. Also playing huge roles in the team's offense were juniors Brooke Mackenzie and Jessica McNeil who continually dominated the opponent's defense.

On the other end of the field, keeper Nicole Lawlor, the backbone of the Hornet's defense came up with huge saves game after game. Playing in front of Lawlor was the relentless defense of seniors Jessica Ivas and Adrienne Steinhoff, juniors Kristen Sankey and Jill Johnson, and sophomore Jennifer Call. The combination of solid goaltending and team defense resulted in the Hornet's record-breaking 11 shutouts for the season.

A turning point in the season was a key Hockomock victory over Oliver Ames making it the first win in school's history.

Heading into the state tournament, the Hornets faced Fairhaven in the preliminary round, and after a hard fought battle, came out victorious with a 1-0 win. The next game was against the undefeated Dighton Rehoboth Falcons. The team played through 80 minutes of regulation and an extra 20 minutes of overtime before heading into the dreaded penalty kicks. The outcome ended in favor of the Falcons with the Hornets losing 3-1. The loss was a heart breaker as it signaled the end of a special season, especially for the 12 seniors.

The 2006 captains Jill Johnson, Kristen Sankey, and Brooke Mackenzie will look to lead the team to another successful season. Although the loss of 12 talented seniors will be hard to replace, a skilled group of underclassmen is looking forward to picking up where this year's team left off.

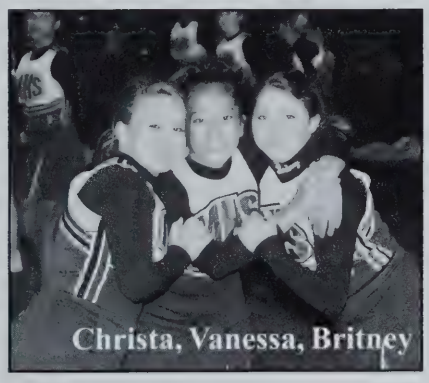
2005 Cheerleading Squad

Give Me an "M"!



Christa, Vanessa, Britney

With a little grace and a little hip-hop, the 2005 cheerleading team had an outstanding season. Each performance whether it was for the football team, the entire school or the other teams at the summer camp, dazzled their audience. Under new leadership for 2005, the girls were introduced to new stunts and ideas. Coach Jamie helped create the girl's fun and eye-catching performances.

The seniors were also the key to the girls squad. Captains Vanessa Sepulveda, Mollee Greco, and Christa Cornetta all took part in making the team what they were. The girls showed their spirit by cheering at every game in rain, snow and sleet for the infamous football team. Others seniors such as Amanda Chase and Jerrica Raspberry helped to give the girls a final season worth remembering.

The team was awarded with the Leadership award at the summer camp that the entire team attended. The award was given based on the votes from the other teams competing at the camp. Cassie Pean received a personal award as the team's MVP. The Most Dedicated Cheerleader was given to Katie Donahue who will also be taking the 2006 team under her wings as the captain for the new season. Britney Bolan will help Katie as her co-captain next year.

After the new and impressive routines put up each time they performed, the 2006 girls will have to work even harder to create a successful season. However, the girls are extremely confident that the their team will be an event to watch in 2006.

They Just Felt like

The Mansfield girls Cross Country team maintained a solid season with an overall record of 4-4. With only three seniors, the underclassmen were forced to take part in leading the team to a 15th place finish at the Class B Meet. The girl's varsity team of seven members ranged from freshmen to seniors all making an impressive effort.

A standout senior for the team was Katie Meagher as she was their number one runner. Her personal season helped the team to each victory including at the Class meet and the Hockomock League meet. She was 5th at the Hocks and 17th at the Class meet which granted her a Hockomock League All Star award along with team MVP. The two captains, Brianna Sionne and Lauren Brown, also proved to be talented runners. Brianna took the position as the second or third runner for the team.

The small group of seniors had much help from exceptional juniors such as Arielle Bluestein and Allison Goffredo. Allison was the number 5 runner for the team and Arielle also ran for the Varsity team. Both earned the honor of being the 2006 captains. Following right under the upperclassmen are a group of sophomores and freshman that will help the 2006 team to another satisfying finish. Claire Hayes and Kacy Gillis were two sophomores that constantly ran on the Varsity team and earned valuable points. The standout freshman Jessica Morse was the second runner for the team and finished 10th at the State Coaches Invitational meet. An impressive fellow freshman was Emily Mainones who finished strong at the Class meet in fourth.

Overall, the girls have a strong team with a lot of talent. Despite the loss of the senior runners, the girls will be forced to run even harder and faster to secure a winning season.

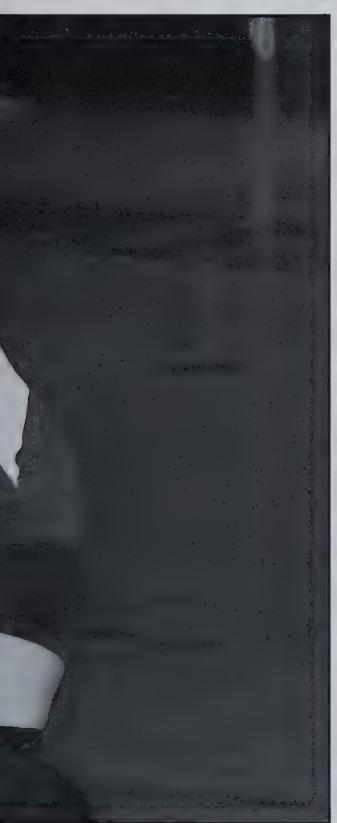
ing into the Tourney



The 2005 girls volleyball team greatly improved from the team they were a year ago, making it to the quarterfinals of the Division 2 State Tournament. Their impressive record of 14-6 was the best the girls team has had in six years. The entire team was mixed with seniors, juniors and sophomores that all participated in the outstanding record.

The leadership of the team was designated to the three senior captains, Gina Candela, Cindy Conquest, and Hilary Turner. They all had their own personal achievements for the season that allowed the team to have the record that they did. Gina Candela was an outside hitter that improved throughout the season and ended with a powerful jump serve to help her team. Gina received the Sun Chronicle All Star Award along with fellow captain Cindy Conquest. Cindy put her effort forth with her strong swing and good block. The middle hitter was awarded the Hockomock All Star award along with the team MVP. Hilary Turner was the third senior captain that started her season as in outside hitter and moved her way to an aggressive middle hitter. Her fierce serve was unstoppable for her opponents. Along with future captain, Jillian McKinnon, Hilary received the heart and soul award for the team.

The team's captains for the 2006 year will be stronger and better as they have worked hard throughout the years. Eben Lewis and Jillian McKinnon have put forth 100% effort and hard work to motivate the team. The backbone for the 2005 team was the Japanese exchange student, Akane Hemano who was a Hockomock All Star and a Sun Chronicle All Star.

The team proved to have a great amount of talent as they held an impressive record and developed a strong reputation. The 2005 team's performance will be hard to surpass, but the 2006 team looks hopeful to improving even more.

Sticking Together

As time went on, the 2005 field hockey team captured more and more wins leaving them with an striking record of 11-3-5. In the beginning of the season, their record consisted of mostly ties, but then went on with an 8 game winning streak in the middle of the season. Each member of the team had an impact on the victorious season whether it was by saving goals or scoring them.

The talented group of seniors was lead by the three captains, Mary Macdonald, Rita Todd, and Katie Higgins. As each girl showed motivation, effort and spirit for the game, they each had their direct roles on the field. Mary played center back on defense as Katie took the ball further up the field as a right midfielder. Rita's job was to stay put in the back of the field as the team's goalie. She played every minute of every game and became a better goalie as the season progressed.

Other seniors contributed to the team significantly as they possessed strong abilities to earn the wins. Erin Gilmore was the team's leading goal scorer with 8 goals and 7 assists as fellow forward Molly McGowan was right behind her with 7 goals and 9 assists. Both girls had a big hit that earned the team a spot into tournament. On the opposite end of the field is Jade Franzen, Courtney Lincoln and Emily Sterns defending Rita's goal. Jade was named Hockomock All Star and Emily Sterns was awarded the Coach's Award.

The team's trip to tournament was short as they lost in the first round to Norwood by a close score of 2-1, but they proved to have a strong finish for the season. Taylor Young and Caitlin Parker were two juniors a part of the talent team in 2005. Both Taylor and Katie Higgins were Hockomock All Stars as other personal awards were distributed as well. Mary Macdonald received the Leda Levine award and Kate Johnston received the Unsung Hero award.

The girl's winning season was one to remember especially for those seniors departing from what they have known for the past four years. It will be hard to replace the girls and the memories in 2006, but the team is looking forward to another strong season.

Getting the Ball Rolling

The 2005 boys soccer team had a remarkable season finishing with a record of 11-6-1. Captains Josh Doyle, Joe Hunt, and Jamie Harrington lead the team through many victories including an impressive 3-1 win against Brockton in the quarter-finals.

The team's success did not go unnoticed as many players received awards and recognition for their hard work. Josh Doyle, Mike Gifford, and Jamie Harrington all received the Hockomock All-Star award. Doyle also received the title of EMASS All-Star and Best Offensive Player. Other awards were given to Anthony Giordano for Most Improved, Joe Hunt for the Coach's Award, Mike Gifford for Best Defender, and finally Jamie Harrington for the MVP award. The Sun Chronicle gave special recognition to Josh Doyle and Jamie Harrington for their outstanding performances as well.

The team's offense was lead by Captain Josh Doyle, who consistently hustled to every ball and played a key role in the team's total points. Other hard working offensive players were seniors Adam Carlson and Kevin Leary, junior Mike Daley, and sophomore Ryan Chambers. However, the team would never have been as successful without the help from their midfielders and defense. Captain Jamie Harrington was a clear leader on the field with his strong defensive skills and amazing offensive efforts. Sophomore goalkeeper Robby MacDonald made numerous key saves and kept the team's spirits high with his upbeat attitude and constant support. The entire group of seniors helped earn each victory with stellar performances by Joe Hunt, Jamie and Mike Gifford, Chris Lamboughini, Anthony Giordano and Mike Schillawski,

The team hopes to make it to the tournament once again for 2006 under the leadership of Ed Curtain, Mike Bueller, and Peter Conti as captains. The team is confident that they can handle the pressure and finish with an impressive record despite the loss of many talented seniors.

Par-Taken Success

It is a tough life being a golfer. Although there are no workouts, no sprints and no push ups to be done, golf pushes your abilities to the limits both mentally and physically. The 2005 golf team passed with flying colors as they finished their season with an impressive record of 11-5 allowing them to qualify for the state tournament. Their final record in the tournament placed them in 7th overall.

The team was led by a tight knit group of seniors. Two year Captain Brian Kulick played in all 16 matches and earned his 4th varsity letter. He was presented as the Hockomock League Most Valuable Captain. Dave Young and Johnny Katsos were two other seniors who proved to be reliable for the Hornets as Young started the season 15-0, while Katsos shot consistently well, earning him the Most Improved Award. The other Captain, Dan Gibbons helped lead the team to victory as he received his second Varsity letter after three years. For Matt Birnie, Jay Gad and Joe Annunziato who did not always compete in the matches, they attended practices at Norton Country Club every day in rain or shine.

The team's success was due to its strong group of underclassmen. Team MVP Ben Grant averaged a 37, the lowest score on the team. His hard work and impressive results earned him captain of the 2006 team. Fellow junior Connor Hayes also shot low to help the Hornets earn one victory after another. Sophomore Grant Certuse earned Hockomock League All Star recognition as well as Grant. The pair of freshmen, Bobby Fluckinger and Evan Sohn were also a valuable part of the team.

For the 2006 season, the team looks to improve their record and win a Hockomock Championship. The team will be lead by captains Connor Hayes and Ben Grant. Although the team will be losing a large, talented, and enthusiastic group of seniors, the team is looking to hold their own and have yet another successful season.

Gone with the Wind

New England has the Pats, but Mansfield High School has the boys cross-country team. Going undefeated the last three years in a row and piling up three Hockomock Championships, the team this year was the first EMASS Division 2 Championship moving up from division 3. Who do we have to thank for the success? The top 4 runners, who went unmatched in all the dual meets and the league championship meet. Junior Ryan Collins, senior Dan Cerqueira, senior Jason O'Connell, and junior John Lutkevich. Behind them were other strong runners, Brendan Barca, Mike Bolea, Kevin Meagher, Dan Bauters, Justin Benjaminsen, and Mike Foos. All these boys added their hard work and determination to help create another championship season.

The cross country team was also showered with recognition from every newspaper in the area, stacking their all star teams with the Mansfield runners. Ryan Collins was named not only Hocomock MVP and EMASS Division 2 Champion, but also team MVP where his future looks very promising. Senior Captain Dan Cequeira was also successful in his final season. He was named Hockomck, Brockton Enterprise, Sun Chronicle, and Boston Glove All-Star. Behind him was stand out runner Jason O'Connell who also was highly noticed by all the newspapers. O'Connell was named the team's Unsung Hero. Sophmore Mike Bolea, in his first season of cross-country was named the most improved runner and was the varsity's saved seventh runner.

The playoffs is where the team really shined, finishing 1-2-3. At the EMASS Division 2 Championship meet Collins, O'Connell and Cerqueira meant business. At the All State Meet, competing for the first time at the division 1 level, O'Connell, Collins, Lutkevich and Cequeira all placed in the top 25, Collins placing 3rd and capping off a truly memorable season.

The boys cross-country team has proved that Mansfield rules the trophy case. They are true champions. Cross country has become a true dynast here at Mansfield and they are not about to slow down.

Any Given Friday

The Hornets finished the 2005 season by beating Foxboro 20-0 for the third consecutive time, clinching their third Hock Championship. This year's team, led by captains Jeff Creeden, Jimmy Mcneil, Matt Egan and Richie Giblin, finished with an impressive 9-1 record. Their sole loss came to North Attleboro, which ended the team's winning streak of 31 straight games. Despite the loss, the Hornets still managed to outscore their opponents 259-70.

The team was led by and astonishing class of 17 seniors. League MVP Jeff Creeden rushed for 962 yards and had nine touchdowns on offense, while also leading the team in tackles. Matt Egan a two-way starter won league all-star recognizing his outstanding plays on the offensive line. Richie Giblin, Anthony Sperazza and Keith Tilman led the defense while Mike Feck, Tom Delmar and Jimmy Mcneil helped keep the chains moving on offense. The seniors finished their careers with an unbelievable record of 34-1, the best record in MHS history. They also added three league championships and two super bowl championships.

The seniors were supported by a strong group of underclassmen. Junior Corey Eason was third in tackles and led the team in sacks en route to earning all-league recognition and Junior Tom Gilson led the team in receiving with 500 yards and eight touchdowns. Eric DiPietrantonio was second on the team in rushing and first in touchdowns with ten scores while linebackers PJ Powers and AJ Conlon each contributed to the dominating hornets defense.

Even though the Hornets were league champions, they could not advance to the playoffs because of the MIAA tie breaker rule. The team will be led next year by captains PJ Powers, Eric DiPietrantonio, Tom Gilson and Andrew Sullivan.

It's no surprise that the Mansfield girls' winter track team had a superb season once again. Under new leadership this year by Coach Ellis and stepping up into Class B from the Class C title earned last year, the girls have proven their talent. The girls finished 7-1 giving them the Hockomock title and the Hockomock meet win. They finished second in the Class B meet.

Senior captain Hilary Crook managed to maintain her title as one of the best shot put throwers in the state. She went undefeated in the Hockomock league meets and managed to capture the Class title. Gina Candela is another senior shot put thrower who has improved tremendously to earn the team some valuable points.

Melissa Murphy is another senior captain who improved throughout the season as she was third in the class meet and broke the school record. Courtney Lincoln also broke the record in the 55m hurdles and took home 2nd place at the class meet and first at Hocks. Her versatility allowed her to also capture the winning place for the long jump at Class B and was a part of the second place 4x200 team of Jessica Allen, Kerri Kiley and Melissa Murphy.

Even though Brianna Sionne's season ended short due to injuries, the senior captain helped during Hock meets in the 600 and the 1000. Her fellow teammate, Lauren Brown stepped it up to capture valuable points in the 600 as well.

The group of juniors are expected to lead the team next year even though there are very few. Kate Johnston is expected to do big things in the shot put while Meghan Clapp is out to break records in the sprints. Other underclassmen such as Alex George, Jodi James and Kerri Kiley have been a huge part of the team and will continue to be. The larger group of freshman hold some true talent with Alyssa Fernandez and Erica Unger competing in the Class meet.

Pump it Up!

The 2006 winter cheerleading team delighted audiences with a brand new set of girls, coaches, flashy uniforms and a creative set of routines. Motivating captains Christa Cornetta and Jerrica Raspberry led the girls to a dazzling season. Whether they were ready for their daily practices or performing at the pep rallies, the girls were always energized.

There were other talented seniors on the team took part in the girl's innovative routines. Seniors Amanda Chase, Molle Greco, and Jade Franzen leaped through the air in various routines, as they were the team's flyers. While in the air, signs were held getting teh audience into the routine and eager to participate. Their twirling wouldn't be made possible with out the strong bases held by Jerrica Raspberry, Jill Cataloni, Shannon Doolan and Gina D'Ambra. Each routine was sure to pump up the crowd and give everyone an exciting show. The girls cheer on the boys basketball team at every home game, but also compete in Hockomock competitions through out the season.

The group of stellar underclassmen have done a great job and have all hellped create the team that has kept the Mansfield boys Basketball team energetic throughout the season. Casandra Pean, Maria Gorham and Taletha Andrews all take part of the spirited team. They will be expected to take over in years to come as the team has a lot of seniors that will be graduating next year. The 2007 team will be just as strong with some stellar perfomaces to be expected.

The girls basketball team has made their way through the Hockmocock League earning victory after victory. The girls ended their 2005-2006 season with an impressive 14-4 record. Each member of the team took part in the winning season, but a lot of emphasis was put on the talented group of seniors.

Senior captains, Kelly Regan and Erin and Katie Higgins all demonstrated great leadership on and off the court. Their impressive skills for the sport allowed them to be stand outs throughout the league. Regan is known for being an aggressive player, coming up big in every game with valuable points, rebounds and assists. Erin also proved her passion for the game as she came into the season following knee surgery. Her powerful shot and ability to play any position made her a key player. Her sister, Katie, contributed to the team as a shooting guard with a knack for making the big shots when they counted.

Other talented seniors on the team were Adrienne and Hillary Steinhoff and Jess Ivas. As Hillary hustled to defense, her sister Adrienne worked hard to set up the offense and creating plays. Ivas was another hustler who had great post moves and was a strong forward.

As strong as the seniors are, the underclassmen girls possess a lot of talent in all different positions. Junior, Heather McPherson has an important role as the back-up point guard who has put a huge amount of effort into each play. Kaitlyn Kennedy is another junior who does her part as a powerful guard on the team.

As the class of 2006 graduates and leaves behind an impressive record, the group of girls will aim to successfully make each year more outstanding than the next.

Balance & Poise

The 2005-2006 gymnastics team had a solid season, finishing with an overall record of 6-4, and proving to be tough competition in the Hockomock League. The larger group of 19 girls each helped to qualify the team for South Sections under the leadership of Coach Cindy Arnold.

Also taking leadership roles for the team were seniors and co-captains Maddie Gambale and Suzanne Allan. Maddie had another all-star season, consistently doing well in all the events. She helped earn the team points in every meet and also in the big Hockomock League meet. Suzanne did her part as well as competing in both the uneven bars and the balance beam. Her talent along with hard work helped the girl's team as well. Both girls have been a part of the team since their freshman year. They earned themselves both a spot on the Hockomock All Star list for the season.

Underclassmen proved to be valuable in helping with the team's success as well. Junior All Star, Laura Angers displayed her versatility doing well in all bar events. She has been a key member for the team since her freshman year and has a lot of potential for her years to come. Other underclassmen performing well for the Hornets throughout the season were Sarah Passanisi on the vault and Meghan Ferreira on the floor and beam. Erin Carroll has taken charge and done well in various events such as the bars, vault, and the floor. She managed to capture valuable points for the team's wins as well. Kim Young also took on the role of competing in three different events and put a lot of effort into each one. Alyssa Arcieri was another sophomore who competed in the vault while Alyssa Tyas competed in the beam.

The boys' winter track team has managed to come out strong with another winning season. Their impressive record of 7-1 left them tied for first in the Hockomock League along with winning the league meet. The boys also captured the first place title at the Class B meet.

The senior captains of Dan Cerqueira, Jamie Harrington and Pat Clare did a terrific job at leading the team on and off the track. Dan did his job as a top runner in the distance department where he ran the 2 mile on a normal basis and managed to take home first at Hocks and 3rd at the class meet. Jamie was a member of the 300 group where he ran on a normal basis and did well at Hocks. Pat Clare is the other co-captain who stuck to the shorter distance running such as the 55m dash and the hurdles. He too ran at both Hocks and the state meet.

Jason O'Connell is another senior that did his part to help the team as he ran the 1000 at Hocks, took home 3rd, and ran the mile at Class and took home 7th. His fellow teammate, John Lutkevich is only a junior, but a stand out in the 600. He took home first at Hocks and came in third at class.

Despite the large group of seniors, the talent found in the underclassmen will be and has been very useful for the track team. Sophomore, Powell Simpson did a terrific job all season as he placed 2nd at Hocks, but captured the win at Class B in the 300. He also won the long jump competition at the class meet as well. Junior Ryan Collins did his share in the mileage and earned some valuable points for the team. His first place finish at Hocks in the mile and the second place finish at the Class meet helped give his team some impressive wins.

The boys are lucky enough to have a younger team that will develop as years come. The underclassmen have all helped in creating the outstanding performances done by the team as a whole and will continue to in the future.

Pinning the Compet

The 2005 wrestling team completed their season in the competitive Hockomock league with a record of 4-3, 16-7 overall. They did not stop there however, as they qualified for the state tournament and took on the 5th seeded Whitman- Hanson. They ended up winning and advancing to the second round against Duxbury. Duxbury was seeded 1st going into the tournament and Mansfield was seeded 4th. They came out victorious and next planned to conquer second seeded North Attleboro. The success of this year's squad was due in large part to the impressive efforts of the junior captains along with other juniors and seniors although all 14 kids performed to their full potentials. The junior captains, Jake Bolin and Dave Arnold showed great leadership and set good examples for their fellow teammates to follow.

The few seniors on the group helped to motivate the team to tourney and compete at a competitive level. Ryan Carney and Ryan Tracy were the only two senior guys on the team, but they each contributed to the team.

The core group of juniors consistently stepped up, including Steve Kourtelidis in the 160 lb weight class, Jake Bolin in the 130 lb weight class, and Dave Arnold in the 119 lb weight class. They competed at the varsity level each meet and helped give the team their victorious record. Jake and Dave both had outstanding personal records of 31-6 and 30-6, respectively. Juniors John Fullerton, (112 lb weight class), and Kevin Connors, (125 lb weight class), were both relentless on the mats, as was sophomore Tom Hansen, (215 lb weight class).

The competitive group of males on the team are looking forward to another successful season and making their way to tournament once again.

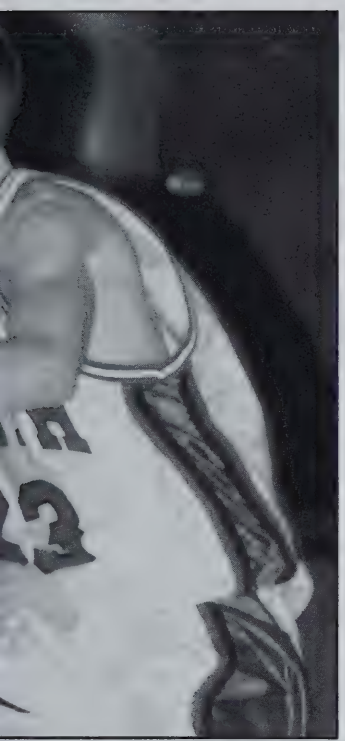
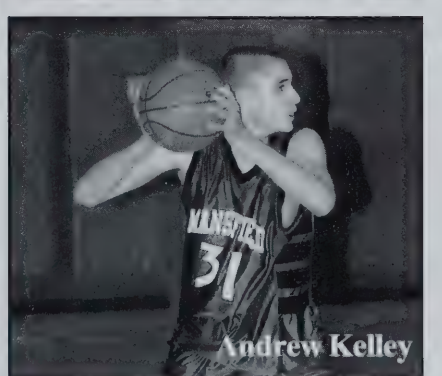
Postin' Up





The boys basketball team was loaded with a group of individual talent that each played a role in the 2005-2006 season. The large group of seniors each had a certain job that they have practiced since their freshman year. Pat Jewett has earned his position of captain as he demonstrated good leadership, hard work, and dedication to the game. He has been a great leader on and off the court. His other co-captain, Dan Bauters, made a comeback as he had been out after knee surgery. However, he still managed to lead the team in shot blocks with 3.5 per game.

The other seniors such as Matt Flint, Justin Benjaminson, and Kevin Leary all had a positive attitude throughout the season. Flint ended the season leading his team in field goal percentage with 55% and rebounds with 8.5 per game. His other teammate, Justin, did his part by scoring 10.5 points per game, which took the team's leading position. He is one of the best three point shooters in the Hockomock league. Leary was another good three point shooter with an awesome team mentality.

The underclassmen have done their job and helped score the baskets or defend the paint. Tom Gilson is one of the best defensive players in the league along with fellow junior, Joe Murphy who is a defensive spark plug. Matt Alksninis is a solid mid-range shooter, a good defender and a hard worker that always contributes on the court. His teammate, Matt Handley did his part by being the big man on the team always looking for those rebounds. The only freshman on the team was Andrew Kelley who made a promising start for the program.

Overall, the boys basketball team put forth a lot of hard work and a tremendous amount of effort. Despite the loss of many seniors, the team is hopeful to have an impressive following season.

Stickin' to It

Determined would be the best word to describe the 2005-2006 Mansfield hockey team. The Ice Hornets may not have had the season they had hoped for but they never gave up. The puck just didn't seem to slide the right way this season for the team, who seemed to be in every game and always had a chance to win, but could never hold off their opponents long enough. The team's final record of 3-15-4 did not accurately represent the skill and talent this team possessed.

The offense was led by senior captains Mike Morizio, and Sean Herrick. Colleran led the team in points and seemed to always come through in the clutch. Jimmy Harrington also contributed to the offense, as he and Herrick combined for points. Mike Wallace and John Constantino were a hard working duo that set good examples with their hustle and effort. Juniors Eddie O'Brien and Will Gasson also led by example with their hard work on the ice and their willingness to do whatever it took to put the puck in the net. Harrington could always be counted on for at least one big hit a game, despite his smaller size.

The team always had a chance to win due to their defense. Captain Mike Morizio played solid all year and was the backbone and leader of the defensive squad. The team used a wide array of defensemen, including seniors Andy Bittner and Gregg Kennedy. Juniors Zach Elias and Pat Keough and sophomore Johnny Harrington were all valuable members on the defensive side of the puck. No team would be complete without a solid goaltender and this team had four: seniors Matt Birnie and Ben Cuneo, junior Brendan Cook and sophomore Ryan Kershaw. Although Kershaw logged most of the time, each of the goaltenders contributed greatly whenever they were on the ice.

Next year, the Hornets look to improve their record and make it to the state tournament again. With the loss of 11 seniors, the returning players will have their work cut out for them but the experience they gained this year should help them on their way.

CLASS OF 2008

Too many rules, not enough rules... What would you change?

"I wish we could carry backpacks."
Emily Dahlgaard

"I would change block scheduling. There isn't enough room in my schedule for all the classes I want to take."
Yvonne Bley

"Longer lunch so we can actually have time to eat."
Kelli Paice

"More passing time between classes would be nice."
Sai Dhupkar

JA great times this summer, CMF, bowling and bad news bears, never forget Mr. Fisher's English class, Law, and Spanish all last year. JB MOO, friends since 6th grade, math class. HC SE FUE and Swirley. GC great times in math last year and hanging out on weekends, tons of football games and always making me laugh. HT had tons of fun since 6th grade, lots of football games and many blonde moments, such as walking into teachers. MM We've been wicked good friends and I have to keep this kind of short. We've gone to Country Concerts, went bowling with the guys, BOB'S and many mall trips. Always remember the tree sign and our sledding hill. Gymnastics 1234

1 day I woke up and went to high school. I ran a lot. People were making possessed bunnies in ceramics. Then it was sophomore year. I broke my arm, took psats and ate lots of pizza. Next came junior year. Filled with long classes, longer tests, ritzy dances and a (gasp) boyfriend. Learned how to drive and how to make quick escapes. Suddenly I'm a senior, and the college stuff was never ending. There were more tests and a hip injury but we still made it up a big tower. Bowling, honeybees, 6 flags, chocolate, physics parties, slap bracelets, and of course lots of running. fun. To my friends, even if we lose contact I won't forget u. thanks:) Cross Country 1234 Indoor Track 1234 Spring Track 1234 Math team 1234 Mock Trial 34

"Man, I see in fight club the strongest and smartest men who've ever lived. I see all this potential, and I see squandering. An entire generation pumping gas, waiting tables; slaves with white collars. Advertising has us chasing cars and clothes, working jobs we hate so we can buy crap we don't need. We're the middle children of history, man. No purpose or place. We have no Great War. No Great Depression. Our Great War's a spiritual war... our Great Depression is our lives. We've all been raised on television to believe that one day we'd all be millionaires, and movie gods, and rock stars. But we won't. And we're slowly learning that fact. Congratulations Matt! We are extremely proud of you and all of the accomplishments that you have worked so hard to achieve in both school and sports. You have become such a well rounded young man and there is no doubt that many more successes lay ahead of you.

Thanks for being such a fantastic son, as well as being a great brother and friend to so many, and know that we will always be there to support you and your dreams.

Love always,
Mom, Dad, Meghan,

You have grown into a beautiful young lady and we are so proud of how you have grown this year. You have made choices and important decisions of the type of person you want to be. You know what path you want and did everything this year on your own to accomplish it. You make us smile every day and we love you dearly. We wish you all the luck in the future and know whatever decisions you make, you will always do well. Your smile and personality will light your way.

Love Forever,

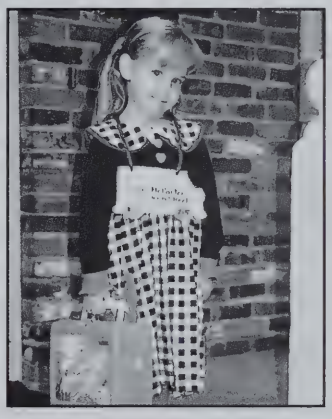
Congratulations Katie!
Here's our turn to brag about just you. As a graduating senior this year, you can look back and be proud of many accomplishments. I know we are. It seems like yesterday we watched you laugh and play fun games like barbie dolls, dance and "dress up". Oh how cute! Next thing we knew it was lunch box in hand and ready for the bus for kindergarten. As a middle child between two sisters close in age, it's sometimes difficult to be your own person. It's not just your pretty blue eyes and baby blonde curls that made you unique in our family; but it is the person you are on the inside. It's about balance, and you can do it more ways than one. Who would have thought our backyard skating on the pond would turn you into a future Figure Skating Competitor. You carried your commitment and dedication qualities over to acheive great success with academics as well. Great job Kate! The "Random acts of Kindness" superlative awarded to you by your school peers suits you perfectly; you're always looking out for others feelings, and give surprises to others, just because. You are the type of warm and caring person that will have friends anywhere you go. As you head off to college we wish you continued success. Love Mom, Dad, Kim & Erin



Michael Feck

Since the day you were born, you have brought so much joy into our lives. We couldn't have asked for a better son. It is with great pride that we send you off to college and your independence. "Children are like kites. You spend a lifetime trying to get them off the groud. You run with them until you are both breathless. They crash. They hit the rooftop. You patch and comfort, adjust and teach. You watch them lifted by the wind and assure them that someday, they will fly. Finally, they are airborne; They need more string and you keep letting it out. But with each twist of the ball of twine, there is a sadness that goes with joy. The kite becomes more distant and you know it won't be long before that beautiful creature will snap the lifeline that binds you two together and will soar, free and alone. Only then do you know you did your job."

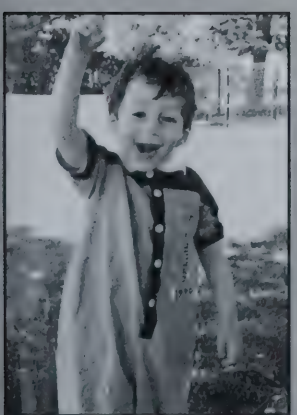
You've gone from a girl to a woman in what seems like overnight. Walk in your destiny and keep your goals in sight. Just remember Who is leading you and He'll make it all turn out right! From your parents, grandparents and #1 auntie. We love you, are very proud of you , and wish you every "good success" for your future.
Congratulations!

Erin Gilmore

As your senior year comes to an end, we reflect and cherish the moments and joy you have brought us. Embark on your future endeavors with the same passion and enthusiasm. Believe in yourself and trust your instincts; for it is within yourself that will bring you hope, love and dreams of tomorrow. Find comfort with your talents and unique qualities and use them to pursue the next phase of your life. We believe in you and will always be there for you.

Love always,
Mom and Dad



Guy Shechter

You add sparkle to our days. We are so proud of you and the man you are becoming.
We are thankful for the joy you bring us.
Love,
Mom and Abba

Everyday I spend with you is filled with smiles. Laughter fills the air whenever you enter a room. I hope you bring as much happiness to those you will meet as you did for me.
I will miss you.
Love, Molly

What were you doing Tuesday nights Senior Year?

Jessica Langton
Co Editor-in-Chief

As a member of the graduating class, I have experienced the typical anxiety of planning my future and have cherished the memories I made here at Mansfield High. It seems just like yesterday that we were all fearful eighth graders getting our first tour of the school. Together, we are all graduating as Hornets and our accomplishment is something to be valued.

Every year at the high school was filled with new surprises and memories that will be remembered for years to come. From changing trends to the unbreakable bonds and friendships, we have watched each other grow and mature from year to year. For the underclassmen, take advantage of the time you have here for it moves way too fast.

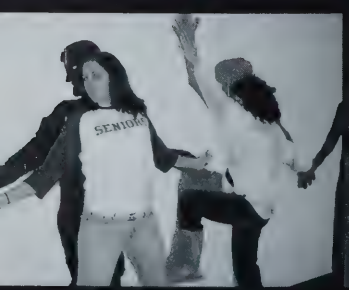
Now it's time to let go of the protections we have known for so long and try to make it on our own, as individuals. No matter the distance between us or the challenges that lie ahead, never forget the people and the moments that made us who we are. Wherever you go from here, go with all your heart. Beginnings are usually scary and endings sad, but it's the middle that counts. Remember this when you find yourself at the beginning.

Alexis Langton
Co Editor-in-Chief

We've always heard that high school would be the best four years of our lives and we never thought those four years would end…Sadly for us, the class of 2006, it's time to say our goodbyes and move on into the real world. It is still hard to believe that we can talk about where we're going to college and what we are going to do with the rest of our lives when just yesterday we were sitting in our freshmen English class dreaming about the good-looking senior boys.

With June 4th just around the corner, it's hard to think that we will be saying goodbye to the last twelve years of our lives. No more lunch wraps or crowded hallways or teachers nagging you about getting your homework in. And as we move on with our lives, we will begin to forget names, the trophies we won, and the parties we went to, but never will we forget the memories we made here at MHS and the people we made the memories with.

So class of 2006, I wish you good luck in whatever chapter of your life is next, whether it's college, the workplace of the military. Remember no matter how far away we go, we will always have a piece of Mansfield High with us. Play strong, work hard and just keep living. I feel honored to be part of this class and thanks for the privilege…Stay classy 2006.



Matt Birnie

Yelling at Adrienne for writing terrible stories and passing out candy hearts.

Gill Furey

Eating my Mansfield Deli, taking goofy pictures, writing stupid stuff on the board.

Melissa Murphy

At the black computer "imaging in". Gotta love the covered white books with lyrics, "fruit competitions".

Alyssa Edwards

Working hard on ads with Dion's help since Cody was useless....Just Kidding!

Karin Christianson

Waiting for my name to be called, running to the computers to help people.

Jess Allen

Eating tons of candy and brownies, watching American Idol, driving around looking like a creep taking pictures.

Mary Macdonald

Being a creep with Allen, board drawings, being frustrated, thugging (hair-do's), Good times!!!

Meaghan Tighe

Fighting Erin for tootsie rolls and eating popcorn. I ALWAYS worked hard and Murph NEVER yelled at me

Hillary Steinhoff

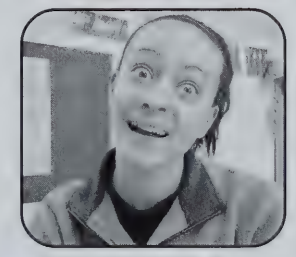
Eating endless amounts of candy and Langton's brownies, watching American Idol, editing every layout 100 times over again.

Lindsay MacLean

Stealing pictures from around the school, eating watermelon blow pops and listening to Murph say "Eh it's okay."

Erin Gilmore

Murph, you're BOOT with my BOOTS on, and eating your captain BOOTY! Get over it, I'm at my prime!



Erin Higgins

Spending hours on the computer, cropping 239482 pictures .

Adrienne Steinhoff

Filling the white board with stuff and lyrics.

Cody Holt

Rolling around in Miss Murphy's chair.

Josh Dion

Hanging up signs, playing football with Cody, getting Alyssa mad.
